Technology for cable laying and overhead power lines

- Energy cable laying up to 680 kV
- Fibre optic, mini and micro cables
- Cable winding and length measuring
- Overhead line construction up to 110 kV
- Seminars and product instructions

Centring sleeves for drums

Standard all drum winding units are equipped with the following centring sleeves:

- TR 147-167 standard for centre holes of D 80
- TR 200-207 standard for centre holes of D 80 and D 125.
- For other centre holes special sleeves see below have to be ordered.
