Technique for cable laying and overhead line construction

- Energy cable laying up to 680 kV
- Fibre optic, mini and micro cables
- Cable winding and length measuring
- Overhead line construction up to 110 kV
- Seminars and product instructions

Drum quick lift hooks only for through pipe connection

Cable drum quick-lift hooks for safe lifting and transporting cable drums if there is no space to insert a long drum shaft. Not suitable to unwind cable drums. Made of steel galvanized.

- Below mentioned capacity is per pair. Two are required.
- These 2 types are only suitable for through connection pipes in the drums.
